PROFILE

Front-End Developer with 4 years of hands-on experience delivering high-performance, scalable web solutions. Specialized in building modern interfaces using React.js, Next.js, and TypeScript, with deep expertise in HTML, CSS, JavaScript, and UI frameworks like Tailwind CSS and Material UI. Proficient in Shopify development, including custom themes, app integration, and seamless Figma-to-code translation. Strong command over reusable component architecture, state management with Redux, and responsive design best practices. Focused on code quality, speed optimization, and cross-browser stability. Proven ability to ship production-ready features under tight timelines.

Known for working fast, solving problems, and always making sure everything looks perfect. Focused, reliable, and always ready to do high-quality work.
